

Data Intake Report

Name: G2M insight for Cab Investment firm

Report date: 13.05.2022

Internship Batch: LISUM09

Version: 1.0

Data intake by: Margarita Prokhorovich

Data intake reviewer: -

Data storage location: -

Tabular data details:

1. Cab_Data.csv

Total number of observations	359392
Total number of files	-
Total number of features	7
Base format of the file	.csv
Size of the data	20.2 MB

Unique identifier – Transaction ID.

2. City.csv

Total number of observations	20
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	759 Bytes

Unique identifier – City.

3. Customer_ID.csv

Total number of observations	49171
Total number of files	-
Total number of features	4
Base format of the file	.csv
Size of the data	1 MB

Unique identifier – Customer ID

4. Transaction_ID.csv

Total number of observations	440098
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	8.58 MB

Unique identifier (primary key) – Transaction ID.

Additional data

5. 110-tavg-1-1-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	183 bytes

Unique identifier (primary key) – Date.

6. 110-tavg-1-2-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	183 bytes

Unique identifier (primary key) – Date.

7. 110-tavg-1-3-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	180 bytes

Unique identifier (primary key) – Date.

8. 110-tavg-1-4-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	180 bytes

Unique identifier (primary key) – Date.

9. 110-tavg-1-5-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	179 bytes

Unique identifier (primary key) – Date.

10. 110-tavg-1-6-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	179 bytes

Unique identifier (primary key) – Date.

11. 110-tavg-1-7-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	180 bytes

Unique identifier (primary key) – Date.

12. 110-tavg-8-1-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	181 bytes

Unique identifier (primary key) – Date.

13. 110-tavg-1-9-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	184 bytes

Unique identifier (primary key) – Date.

14. 110-tavg-1-10-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	183 bytes

Unique identifier (primary key) – Date.

15. 110-tavg-1-11-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	183 bytes

Unique identifier (primary key) – Date.

16. 110-tavg-1-12-2016-2018.csv

Total number of observations	3
Total number of files	-
Total number of features	3
Base format of the file	.csv
Size of the data	183 bytes

Unique identifier (primary key) – Date.
